Queensland Certificate of Education

The Queensland Certificate of Education (QCE) is issued by the Queensland Curriculum and Assessment Authority (QCAA), to students who are eligible at the completion of the senior phase of learning. The QCAA is one of the Australasian Curriculum, Assessment and Certification Authorities, and the QCE is a qualification recognised within the Australian Qualifications Framework.

The QCE recognises broad learning options and offers flexibility in what is learnt, as well as where and when learning occurs.

Contributing studies include:
- General, General (Extension) and General (Senior External Examination) subjects
- Applied and Applied (Essential) subjects
- Short Courses
- vocational education and training (VET) courses
- other QCAA-recognised studies.

Student achievement in different types of contributing studies attracts different credit values towards the QCE. A credit is the minimum unit awarded for an amount of learning at the set standard that can contribute towards the QCE. Students must have at least 20 credits in the required pattern, and fulfil literacy and numeracy requirements to be awarded a QCE.

The learning that contributed towards this student's QCE is described on the Senior Statement or Statement of Results that accompanies this certificate.

Authentication

To authenticate this QCE in electronic format, check for a current digital signature, which will confirm that the document in electronic form has not been tampered with.

To authenticate a printed copy of this QCE, either scan the QR code or go to **www.qcaa.qld.edu.au/authenticate** and input the student's LUI, family name and the document ID. The webpage will confirm whether the document is correct.
